**SPECIF IDEAS ABOUT THE FUTURE OF THE SOCIETY AND YOUR ROLE IN IT:**

- Help maintain and strengthen the scientific integrity and focus of the Society by remaining responsive to members' needs.
- Work closely together with the Executive Committee in the day-to day operations
- Improve cooperation of the Society with corporate partners
- To promote membership and encourage active participation by all members in the Society's affairs.
- Examine possibilities of joint efforts with other societies/groups around the world with similar interests.
- To enhance the relationship with different iberoamerican societies due to the good personal relations with them
